

Article 2.

Private Capital Facilities Finance Act.

§ 159D-35. Short title.

This Article shall be known, and may be cited, as the "Private Capital Facilities Finance Act." (1985 (Reg. Sess., 1986), c. 794, s. 1; 1998-124, s. 2; 2000-179, s. 2.)

§ 159D-36. Legislative findings.

It is declared that for the benefit of the people of the State of North Carolina, the increase of their commerce, welfare and prosperity and the improvement of their health and living conditions it is essential that they be given the fullest opportunity to learn and to develop their intellectual capacities; that it is essential for institutions for higher education and institutions for elementary and secondary education within the State to be able to construct and renovate facilities to assist its citizens in achieving the fullest development of their intellectual capacities; and that it is the purpose of this Article to provide a measure of assistance and an alternative method to enable private institutions for higher education and institutions for elementary and secondary education in the State to provide the facilities and the structures that are needed to accomplish the purposes of this Article, all to the public benefit and good, to the extent and in the manner provided in this Article.

It is further declared that this purpose will benefit the people as a way to improve student learning, increase learning opportunities for all students, encourage the use of different and innovative teaching methods, create new professional opportunities for teachers, provide parents and students with expanded choices in the types of educational opportunities that are available, and lower the overall cost of education to the State and to parents and students.

The General Assembly also finds that the private sector often provides services and opportunities to the people of the State of North Carolina in activities that constitute a public purpose, and that these activities by the private sector are to be fostered and encouraged. The people of the State of North Carolina will benefit from the enactment of laws and creation of programs that assist the private sector in obtaining financing for capital improvements of facilities that will be used in conducting these activities. (1985 (Reg. Sess., 1986), c. 794, s. 2; 1998-124, s. 3; 2000-179, s. 2.)

§ 159D-38. Capital facilities finance agency.

(a) There is created a body politic and corporate to be known as "North Carolina Capital Facilities Finance Agency" which shall be constituted a public agency and an instrumentality of the State for the performance of essential public functions. The agency shall be governed by a board of directors composed of seven members. Two of the members of the board shall be the State Treasurer and the State Auditor, both of whom shall serve ex officio. The remaining directors of the agency shall be residents of the State and shall not hold other public office. The General Assembly upon the recommendation of the President Pro Tempore of the Senate shall appoint one director in accordance with G.S. 120-121, the General Assembly upon the recommendation of the Speaker of the House of Representatives shall appoint one director in accordance with G.S. 120-121, and the Governor shall appoint three directors of the agency. The five appointive directors of the agency shall be appointed for staggered four-year terms, two being appointed initially for one year by the President of the Senate and the Speaker of the House, respectively, and one for two years, one for three years and one for four years, respectively, as designated by the Governor. Each director shall continue in office until a successor is duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the

unexpired term. Any vacancy in a position held by an appointive member shall be filled by a new appointment made by the officer who originally made the appointment. Any member of the board of directors is eligible for reappointment. Each appointive member of the board of directors may be removed by the Governor for misfeasance, malfeasance or neglect of duty after reasonable notice and a public hearing, unless the notice and hearing are in writing expressly waived. Each appointive member of the board of directors shall take an oath of office to administer the duties of office faithfully and impartially and a record of the oath shall be filed in the office of the Secretary of State. The Governor shall designate from among the members of the board of directors a chair and a vice-chair, whose terms extend to the earlier of either two years or the date of expiration of their then current terms as members of the board of directors of the agency. The board of directors shall elect and appoint and prescribe the duties of a secretary-treasurer and any other officers it considers necessary or advisable, which officers need not be members of the board of directors.

(b) No part of the revenues or assets of the agency shall inure to the benefit of or be distributable to its members or officers or other private persons. The members of the agency shall receive no compensation for their services but shall be entitled to receive, for attendance at meetings of the agency or any committee thereof and for other services for the agency, reimbursement for such actual expenses as may be incurred for travel and subsistence in the performance of official duties and such per diem as is allowed by law for members of other State boards, commissions and committees.

(c) The secretary-treasurer of the agency shall keep a record of the proceedings of the agency and shall be custodian of all books, documents and papers filed with the agency, the minute book or journal of the agency and its official seal. The secretary-treasurer shall have authority to cause copies to be made of all minutes and other records and documents of the agency and to give certificates under the official seal of the agency to the effect that such copies are true copies, and all persons dealing with the agency may rely upon such certificates.

The board of directors may, however, appoint an executive committee to act on behalf of the board during the period between regular meetings of said board, and said committee shall have full power to act upon the vote of a majority of its members. No vacancy in the membership of the agency impairs the rights of a quorum to exercise all the rights and to perform all the duties of the agency.

(e) The North Carolina Capital Facilities Finance Agency shall be contained within the Department of State Treasurer as if it had been transferred to that department by a Type II transfer as defined in G.S. 143A-6(b).

(f) An individual serving on the board of directors for the agency shall be immune individually from civil liability for monetary damages, except to the extent covered by insurance, for any act or failure to act arising out of that service, except where any of the following apply:

The agency may request the applicant to provide additional information and data respecting the project. The agency is authorized to make or cause to be made any investigation, surveys, studies, reports and reviews as in its judgment are necessary and desirable to determine the feasibility and desirability of the project, the extent to which the project will contribute to the health and welfare of the area in which it will be located, the powers, experience, background, financial condition, record of service and capability of the management of the applicant, the extent to which the project otherwise conforms to the criteria and requirements of this Article, and any other factors the agency considers relevant or convenient in carrying out the purposes of this Article. (1985 (Reg. Sess., 1986), c. 794, s. 7; 1998-124, s. 7; 2000-179, s. 2.)

§ 159D-42. Operations of projects; agreements of sale on leases; conveyance of interest in projects.

(a) The agency may sell or lease any project to a participating institution for operation and maintenance or lend money to any participating institution to effectuate the purposes of this Article, under a loan agreement or an agreement of sale or lease in form and substance not inconsistent with this Article. The loan agreement or agreement of sale or lease may include provisions that:

- (1) The participating institution shall, at its own expense, operate, repair and maintain the project covered by the agreement.

- (2) The purchase price payments to be made under the agreement of sale, the rent payable under the agreement of lease or the loan repayments under the loan agreement shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and any redemption premium on the bonds or notes issued by the agency to pay the cost of the project sold or leased or with respect to which the loan was made.
- (3) The participating institution shall pay all other costs incurred by the agency in connection with the providing of the project covered by any agreement, except costs paid out of the proceeds of bonds or notes or otherwise, including insurance costs, the cost of administering the resolution authorizing the issuance of, or any trust agreement securing, the bonds or notes and the fees and expenses of trustees, paying agents, attorneys, consultants, and others.

(b) If the agency has acquired a possessory or ownership interest in any project it has undertaken on behalf of a participating institution, it shall promptly convey, without the payment of any consideration, all its right, title and interest in the project to that participating institution upon the retirement or provision for the retirement of all bonds or notes issued and obligations incurred by the agency in connection with that project. (1985 (Reg. Sess., 1986), c. 794, s. 8; 1998-124, s. 8; 2000-179, s. 2.)

§ 159D-43. Construction contracts.

If the agency determines that the purposes of this Article will be more effectively served, the agency in its discretion may award or cause to be awarded contracts for the construction of any project on behalf of a participating institution upon a negotiated basis as determined by the agency. The agency shall prescribe any bid security requirements and other procedures in connection with the award of the contracts as in its judgment will protect the public interest. The agency may by written contract engage the services of the participating institution in the construction of the project and may provide in the contract that the participating institution, subject to any conditions and requirements consistent with the provisions of this Article prescribed in the contract, may act as an agent of, or an independent contractor for, the agency for the performance of the functions described in the contract including the acquisition of the site and other real property for the project, the preparation of plans, specifications and contract documents, the award of construction and other contracts upon a competitive or negotiated basis, the construction of the project directly by the participating institution, the inspection and supervision of construction, the employment of engineers, architects, builders and other contractors and the provision of money to pay the cost of these functions pending reimbursement by the agency. The contract may provide that the agency may, out of proceeds of bonds or notes, make advances to or reimburse the participating institution for its costs incurred in the performance of these functions, and shall set forth the supporting documents required to be submitted to the agency and the reviews, examinations and audits that

are required in connection to assure compliance with the provisions of this Article and the contract. (1985 (Reg. Sess., 1986), c. 794, s. 9; 1998-124, s. 9; 2000-179, s. 2.)

§ 159D-44. Credit of State not pledged.

Bonds or notes issued under the provisions of this Article shall not be secured by a pledge of the faith and credit of the State or of any political subdivision of the State, or create an indebtedness of the State, or of any political subdivision of the State requiring any voter approval, but shall be payable solely from the revenues and other funds provided for payment. Each bond or note issued under this Article shall contain on its face a statement to the effect that the agency is not obligated to pay it nor the interest on it except from the revenues and other funds pledged for its payment and that neither the faith and credit nor the taxing power of the State or of any political subdivision of the State is pledged as security for the payment of the principal of or the interest on the bond or note.

Expenses incurred by the agency in carrying out the provisions of this Article may be made payable from funds provided pursuant to, or made available for use under, this Article and no liability shall be incurred by the agency under this Article beyond the extent to which moneys have been so provided. (1985 (Reg. Sess., 1986), c. 794, s. 10; 2000-179, s. 2.)

§ 159D-45. Bonds and notes.

(a) The agency is authorized to provide for the issuance, at one time or from time to time, of bonds, or notes in anticipation of the issuance of bonds, of the agency to carry out and effectuate its corporate purposes. The principal of and the interest on such bonds or notes shall be payable solely from funds provided under this Article for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or other funds provided therefor. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the agency at such price or prices and upon such terms and conditions as may be determined by the agency. The bonds may also be made payable from time to time on demand or tender for purchase by the owner upon such terms and conditions as may be determined by the agency. Any such bonds or notes shall bear interest at such rate or rates (including variable rates) as may be determined by the Local Government Commission with the approval of the agency. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the agency. The agency shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature appears on any bonds or notes or coupons attached to them ceases to be that officer before their delivery, the signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until delivery. The agency may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the agency may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the

interchange of registered and coupon bonds or notes. No bonds or notes may be issued by the agency under this Article unless the issuance thereof is approved by the Local Government Commission.

(b) The agency shall file with the Secretary of the Local Government Commission an application requesting approval of the issuance of the bonds or notes. The application must include any information and documents concerning the proposed financing and prospective borrower, vendee or lessee required by the Secretary.

In determining whether a proposed bond or note issue should be approved, the Local Government Commission may consider, in addition to the criteria and requirements in this Article, the effect of the proposed financing upon any scheduled or proposed sale of tax-exempt obligations by the State or any of its agencies or departments or by any unit of local government in the State.

The Local Government Commission shall approve the issuance of the bonds or notes if, upon the information and evidence it receives, it finds that the proposed financing will effectuate the purposes of this Article.

Upon the filing with the Local Government Commission of a resolution of the agency requesting that its bonds or notes be sold, the bonds or notes may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission determines to be for the best interests of the agency and to effectuate best the purposes of this Article, as long as the sale is approved by the agency.

(c) The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the agency may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds or notes.

(d) Prior to the preparation of definitive bonds, the agency may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds, when the bonds have been executed and are available for delivery. The agency may also provide for the replacement of any bonds or notes which become mutilated or are destroyed or lost.

(e) Bonds or notes may be issued under the provisions of this Article without obtaining, except as otherwise expressly provided in this Article, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things specifically required by this Article and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds or notes.

(f) Before the issuance of bonds pursuant to this Article to finance a project, the Agency shall hold a public hearing with respect to the proposed project and the issuance of the bonds to finance the proposed project. The public hearing may be held at any location designated by the Agency, including at the offices of the Agency in Raleigh, North Carolina.

The public hearing may be conducted by the Agency or by a hearing officer designated by the Agency to conduct public hearings. Notice of the public hearing must be published at least once in at least one newspaper of general circulation in the county where the proposed project is to be located not less than 14 days before the public hearing. The notice must describe generally the bonds proposed to be issued and the proposed project, including its general location, and any other information the Agency considers appropriate. A copy of the notice of public hearing must be mailed to the clerk of the Board of Commissioners of the county in which the proposed project is

to be located and to the governing body of any city or town in which the proposed project is to be operated.

(g) A county or city that receives an allocation to issue recovery zone facility bonds within the meaning of the American Recovery and Reinvestment Tax Act of 2009 to finance recovery zone property may designate the agency as the governmental entity authorized to issue recovery zone facility bonds. (1985 (Reg. Sess., 1986), c. 794, s. 11; 2000-179, s. 2; 2009-140, s. 9.)

§ 159D-46. Trust agreement or resolution.

In the discretion of the agency any bonds or notes issued under the provisions of this Article may be secured by a trust agreement by and between the agency and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the agency received pursuant to this Article, including, without limitation, fees, loan repayments, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any project and may grant a deed of trust or a mortgage on any project. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the agency in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the agency, including any payments in respect of any federally guaranteed security or any federally insured mortgage note, the duties of the agency with respect to the acquisition, construction, maintenance, repair and operation of any project, the fees, loan repayments, purchase price payments, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. All bonds issued under this Article shall be equally and ratably secured by a pledge, charge, and lien upon revenues provided for in such trust agreement or resolution, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this Article and of such trust agreement or resolution; except that the agency may provide in such trust agreement or resolution that bonds issued pursuant thereto shall to the extent and in the manner prescribed in such trust agreement or resolution be subordinated and junior in standing, with respect to the payment of principal and interest and the security thereof, to any other bonds. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the agency. Any such trust agreement or resolution may set off the rights and remedies, including foreclosure of any deed of trust or mortgage, of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the agency considers reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any project or paid from the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the agency. (1985 (Reg. Sess., 1986), c. 794, s. 12; 2000-179, s. 2.)

§ 159D-47. Revenues; pledges of revenues.
